

Wishing you Happy Holidays and a great 2013!

From all of us at Fasco, we'd like to wish you a wonderful holiday season and the best of new years, too! We'd also like to once again say thank you for your business and support. Throughout the changes of this last year, it's been the continuing trust we've received from our valued distributors like you that keeps us going – now in our 101st year!

We look forward to 2013, and to the opportunity of continuing to provide you and your customers with one of the best and most extensive product lines in our industry. As always, we welcome your suggestions and advice on how we can improve our products and service – so please don't hesitate to share your opinions with us by contacting your Fasco Sales Representative or our Customer Service Department at 1-800-325-8313. Once again – best wishes to you and yours!

Reminder: Visit Fasco at AHR in Dallas January 28-30

If you're going to the 2013 AHR show in Dallas January 28-30, be sure to visit Regal Beloit's Booth #2301 and say hello to the Fasco representatives who'll be there. We'll be displaying some of our latest and most popular products from the industry's largest selection of direct replacement motors, blowers and accessories. We hope to see you at the Dallas Convention Center in the New Year!

New Product News

Fasco's 2012 New Product Recap

As we say goodbye to 2012, we wanted to remind you of the new product introductions from Fasco during the last 12 months. For more details and technical specifications on the products below and on the back, please refer to the 2012 newsletter issues listed after each item. If you have questions about any of these products, answers are just a phone call away from your Fasco Representative, or from our Customer Service Department at 1-800-325-8313.

Manitowoc D753, D759, D1026, D1029 and D1031 Direct Replacement Motors (January)

Fasco's 7 OEM direct replacement motors for Manitowoc Foodservice products feature a range of diameters from 3.3" to 5.0" to 5.6".

Bradford White W11 Direct Replacement Water Heater Draft Inducer (February)

The latest addition to Fasco's line of direct replacement water heater draft inducers is a 3.3" diameter model designed to replace OEM draft inducers in Bradford White water heaters.

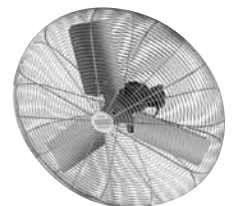

D768 General Replacement Blower Motor (February)

This 5.6" diameter, open air over, general replacement direct drive blower motor features a Permanent Split Capacitor (PSC) design requiring a 30uF/370v capacitor (not included), as well as shielded ball bearings and reversible rotation.

Ultra High Efficiency ECM Air Circulator Fan Heads (March)

Available in both 30" and 24" models, Fasco's Ultra High Efficiency ECM Air Circulator Fan Heads feature totally enclosed ECM motors, as well as corrosion resistant aluminum fan blades. The fan heads are delivered pre-assembled, ready to secure to a mounting accessory (not included) with two screws (included). They also have OSHA compliant chrome plated wire fan guards, a locking tilt adjustment and a pull chain for easy operation.

1. A – 1-speed to 5-speed
2. D – All of the above
3. D – D382
4. A – October 29, 2012
5. A – True
6. C – Both of the above
7. A – A063
8. C – 1/4"
9. A – True
10. D – All of the above

2012 New Product Recap (cont.)

Cap in the Box™ GE Commercial Motors by Regal Beloit (May)

Cap in the Box Direct Drive Blower Motors from GE Commercial Motors by Regal Beloit, now available through Fasco, got their name because each motor comes complete with its own premium Genteq® Capacitor already in the box. Cap in the Box motors were designed for continuous air over applications, such as furnace blowers or central air handling units with single shaft requirements.

50764-D500 General Replacement Centrifugal Blower (July)

Designed primarily for use in the alternative fuel heating industry, this general replacement centrifugal blower features a shaded pole (SP) motor with open drip proof enclosure, all position mounting, a wheel diameter/width of 5 1/4" x 2", an inlet diameter of 3 5/8", and air flow of 135 CFM.

K674 C-Frame Motor Kit (August)

Fasco's latest C-Frame General Replacement Motor comes in a kit complete with a black cooling fan, two harness adapters and an instruction sheet.

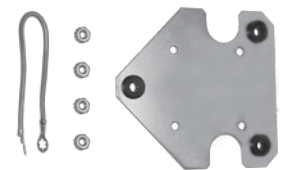

D2853 Replacement Motor (September)

This 5.6" diameter, dual voltage, permanent split capacitor (PSC) motor is a suitable replacement for Trane models X70670709-01 and X70670710.

5K001 Bracket Kit for Morrill Arctic 59 Motors (October)

For use with Morrill Arctic 59 Motors, this Bracket Kit includes the 4 1/4" x 4 3/4" bracket, a ground lead and four nuts.

D1133 and D1132 Direct Replacement Motors for Heatcraft (October/November)

These 3.3" diameter shaded pole (SP) motors are direct replacements for Heatcraft models 25300101 and 25300201. Both feature an open enclosure design.

 Printed on recycled paper.
