Keep Your Capacitor Stock at Full Capacity With the Life-Line™ Capacitor Kit!

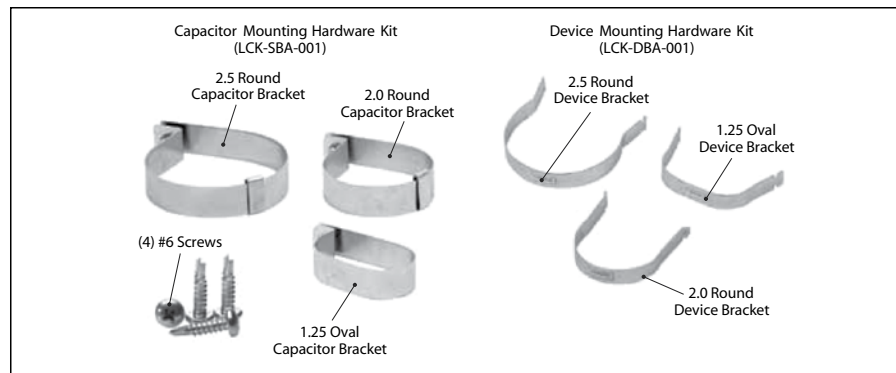

In April's newsletter, we reminded you how PROLINE™ and Genteq® Capacitors available from Fasco assure your customers of the highest quality and reliability for a wide range of applications, from residential cooling and heating to light commercial and industrial equipment.

This month, we'd like remind you of another easy way to make sure your customers' capacitor needs are always being met – the Life-Line Capacitor Kit.

The Life-Line Capacitor Kit is a handy all-in-one replacement source for single and dual run capacitors. In addition to many single capacitor ratings, the kit was designed to also cover 48 of the most common dual ratings in both 370VAC and 440VAC applications. In fact, it covers 85% of the ratings in the field today! And since it has everything your customers need to select, wire and mount replacement capacitors in one convenient kit, the Life-Line Capacitor Kit saves them

The Life-Line Capacitor Kit
LCKG – Genteq Capacitors Included
LCKP – PROLINE Capacitors Included

The Life-Line Capacitor Kit comes with capacitor mounting hardware and self-tapping screws.

time and money, while it organizes and lowers inventory!

Every Life-Line Capacitor Kit Includes:

- 6 PROLINE or Genteq Motor Run Capacitors
- 2 Life-Line UL listed "Spider" Devices
- 1 Capacitor Mounting Hardware Kit
- 1 Device Mounting Hardware Kit
- 1 Heavy Duty Carrying Case

Reminder – Be Sure to Visit Us at the 2013 EASA Convention In Las Vegas, June 30 – July 2

If you're attending the 2013 EASA Convention in Las Vegas, Nevada, this June 30 – July 2, it's a sure bet you'll find some great Fasco products there! That's because Fasco will be on hand in the Regal Beloit booth at the beautiful Mandalay Bay Resort and Casino, the location for this year's EASA convention.

"Strength Through Association" is the theme of this leading industry

event, and building stronger associations with our distributors like you is something to which Fasco has always been committed. To that end, we'll be featuring some of our new and best-selling HVAC/R products that can help you build sales in the months ahead. Because when it comes to our great Fasco products, what happens in Vegas definitely should NOT stay in Vegas – it needs to come back to

your stockroom so you can keep your customers coming back for more!

So remember, if you're attending EASA, be sure to stop by the Regal Beloit Boot #715 near the Exhibit Hall entrance and say hello. We look forward to seeing you in Las Vegas!

Upcoming eLab Webinars and Training Sessions

With eLab, you can take part in free training and educational programs on ECM motors and ECM-equipped systems. Upcoming sessions will feature a variety of ECM-related topics, which can offer invaluable experience direct from the manufacturer for anyone who works in the HVAC industry. Plus, eLab sessions are a really convenient way to learn, since you "attend" the sessions on your own computer.

You can register for any of the free eLab webinar sessions by visiting thedealertools.com/training and signing up today. Future eLab sessions will be offered throughout the mornings and afternoons on the following dates:

- June 11 & 25
- July 9 & 23
- August 10 & 24

Tradeshows Schedule

Our representatives are hitting the road again, attending a number of industry events across the country. They'll be showcasing some of Fasco's best-selling direct replacement motors, blowers and accessories, so if you're attending any of the shows listed below, be sure to stop by the Fasco/Regal Beloit booth and say hello!

EASA 2013 Convention

Fasco Ultra High Efficiency ECM Air Circulator Fan Heads Help Beat the Heat

While many people take working in an air-conditioned environment for granted these days, there are still many who work in factories, shops, warehouses and other spaces that aren't air-conditioned. Fasco's Ultra High Efficiency ECM Air Circulator Fan Heads are a great resource to know about that can not only help keep workers cool in the heat of summer, but can also help employers save energy and money at the same time.

Fasco's ECM Air Circulator Fan Heads are available in 115 volt and 208-230 volt models, and in 30" and 24" sizes. All of these fan heads feature high efficiency, totally enclosed ECM motors, as well as high efficiency, corrosion resistant aluminum fan blades. The fan heads come pre-assembled, ready to secure to a mounting accessory (not included) with two screws (included). They also feature OSHA compliant chrome plated wire fan guards, a locking tilt adjustment to direct air where needed and a pull chain for easy operation.

Benefits and Features:

- 30" models use just 78 watts to move 5700 cfm
- 24" models use just 60 watts to move 3300 cfm
- Flows up to 9700 cfm
- 115 volt models come with a 10-foot, 23-cond power cord with grounded molded plug
- 208-230 volt models have a conduit box for hard wiring
- 120°F ambient rated
- Ball bearings
- UL and C-UL listed

Ultra High Efficiency ECM Air Circulator Fan Heads are available in 115 volt and 208-230 volt models, in 30" and 24" sizes.

For more information on Fasco's Ultra High Efficiency ECM Air Circulator Fan Heads, contact your Fasco Representative or call Customer Service at 1-800-325-8313.

Energy Savings Estimates (Watts):

	HIGH SPEED	MED SPEED	LOW SPEED
30" Units	110	160	110
24" Units	75	100	75
